

Captains Responsibilities

Being a captain has certain obligations that each team captain must agree to. Failure to do so may result in any of the following actions at the discretion of WAKA:

- **Removal from the captains position**
- **Automatic Game Forfeits**
- **Game suspension**

All players on your roster are entitled to play an equal amount of time. You may not bench someone in favor of other players.

Your final roster is set by the division and may have as many as 26 players.

Encourage your team go to the sponsor bar regularly after games and attend other social events throughout the season. Remember this is more of a social organization than a competitive sports league.

You are responsible for the conduct of your team and players at all times while at the fields. Any harassment of other players, WAKA representatives or referees must be dealt with immediately.

Only captains and named co-captains can "discuss" a call with a referee.

Make sure your team is aware of the schedule and regularly checks the website for updates. You need to email your team a day or two prior to game day reminding the players of the start time and field you are playing on.

Help the newer players with strategy & tips. Captains need to prepare a lineup prior to game start time and provide a copy to the captain of the team you are playing.

You are responsible for making sure that your Head Ref and a Secondary Ref is on the field on time for games they are scheduled to referee.

You may have to help set-up fields if you have the early game and take them down for the late game. Equipment duties will be distributed with the season schedule.

Make sure you and your players know the rules.

Try and get your players involved with the league, join the board, send in photos etc.

Encourage the spirit of kickball amongst your teammates... have fun, win or lose!

Failure to abide by the above listed can result in a captain being removed and replaced at WAKA's discretion.
